MERRITT BACKS COOLIDGE

Stamford Man Believes Telegrams to

McLean Will Not Destroy Public

Confidence in President.

BY GEORGE H. MANNING.
(Washington Bureau of N. B. Herald)
Washington, D. C., March 8.—The confidence of the public in President Coolidge will not be shaken by the disclosures of the exchanges of telegrams between him and Edward B. McLean who is charged with complicity in the Teapot Dome oil scandal. In the opinion of Congressman Schuyler Merritt of Stamford, "I do not believe the telegrams from President Coolidge to Mr. McLean will have the slightest effect on the confidence of the American people in President Coolidge," said Congressman Merritt. "To believe otherwise would be a severe reflection on their intelligence. Except for the hysterical state of mind in Washington and the reckless speeches and accusations of democratic senators, these telegrams would never even have been noticed, they are simply messages that any man in public and private life might send to another in the ordinary intercourse of civilized people."

MAKES "WET" RULING

Omaha Judge Finds Law Relative to

Abatement of Liquor Nuisances Are

Unconstitutional.

Omaha, March 8.—Federal Judge Woodrough's decision in the Eastern Nebraska district holding unconstitutional those sections of the national prohibition law relating to abatement of liquor nuisances by injunction has excited wide interest.

The decision rendered yesterday, holds unconstitutional the sections of the law which allow a court without jury trial to hold the owner of property enjoined as a nuisance, guilty of contempt, if a further violation of the Volstead act occurs on the premises under injunction.

"If to suppress the liquor traffic this power can be conferred upon equity courts," the decision says, "the constitutional provision that all crimes shall be tried by jury would have no force."
